

# Comark DT400Y and 400YB

## Pocket Digital Thermometers

Reliable temperature measurement for your kitchen

Comark's 400YB and DT400 digital thermometers have a quick response time of six seconds or less, a 1.5mm thin tip probe and come with a one-year warranty.

Both thermometers are field calibratable, with auto switch off to conserve battery life and data hold button. Temperature scales are switchable between Centigrade and Fahrenheit measurement.

BioCote® Antimicrobial technology is used in the instrument cases and reduces the risk of cross-contamination.

If you are still using thermocouples, you can make the change and save money!
